IELTS SPEAKING STUDY PLANNER

Dear IELTS test taker,

Use this IELTS Speaking Study Planner if you are taking the IELTS test in **January, February, March, April, May, June, July or August 2026**. All these topics, along with questions, ideas, and answers, are available in the IELTS Speaking Assistant App developed by Virtual Education. Download the app at www.ielts-assistant.com

If you are taking IELTS in **September 2026 or later**, focus on the other parts of the test and stay tuned for updates. We will inform you when new IELTS speaking topics for May - December 2026 are introduced into the test.

INSTRUCTIONS:

- Print out this IELTS speaking study planner to begin using it.
- To create a study plan, divide the total number of topics by the remaining days before your test. Set a specific date for each topic and record it in the designated space (as shown in the example).
- Once you have completed a topic, mark the corresponding box as complete (as shown in the example). This way, you can easily track your progress by seeing how many topics you have covered and how much work remains.

Example:

07/02/2026

Work and studies

WHAT TO LEARN:

If you are taking the test in February, March, or April, prepare topics from both sets: September 2025 – April 2026 and January – August 2026.

If you are taking the test in May, June, July, or August, focus for now on the January – August 2026 set. In May, the May – December 2026 topics will be released, and you will need to prepare those as well.

PART 1 IELTS SPEAKING TOPICS
